PROSPECTUS

Mr. Macfear,
You're been a
fantastic teacher
this year, just
that I hope
you'll have
me next year.
Love,
Chris "3"
Count!

Mr MacFear

After three long years -- I'm actually still at it. and still as shwoooooing as ever! ~~It~~ ~~left~~ left left. and most improved. And trombone player of the year (would you believe minute ?!) Music has been very important to me these past few years, and the professionalism you've taught us should serve us very well. It looks like the band may get to Florida yet, and I hope you'll go for wherever you end up. I just got a long way to go in any case. The weirdness comes down

Love David Petersen

Thank you for all you've done for me this year. I'm really glad I had you as a teacher. I'm sorry I wasn't always the best student, but I'm trying to improve. I've learned a lot from you and I hope you've learned a lot from me. I'm really going to miss you next year. I'm not sure what I'm going to do without you. I'm sure I'll be fine, but I'll always remember you as a great teacher and friend.

Love,
Chris

To Ray Baby Mac Lean: a very suave and sophisticated music teacher who has lots of style and pizazz. Stay with "it" cool. I enjoyed 3rd hour but hated playing the trombone. I especially loved 4th hour and playing tenor sax. May God continue to bless you in whatever you do.

2 sad how sad Lynn (Animal) Fay "4'83"

2 good Remeber me always.

4 gotten.

Ray,
I've had a really good time these last 2 years and it will be a terrific loss if you don't return next year. Just wanted to say thanks and we're all behind you. Good luck and have a Good Summer.

See ya later -

To Mr. Mac Lean
Thanks for a great year. I'll miss your class next year. Have a great summer.
Love,

To Kay-Baby,

Well, Mr-Maclean
This year is finally
coming to an end along
with my high school career
I kind of hate to see it come
to an end. The main reason for that
is YOU! You are absolutely my favorite
teacher and I have learned more from you
than all my other teachers put together-
I wouldn't be such a good horn player, let a-
lone musician, if you hadn't been there to teach
me and encourage me. And for
made it so easy. I know I wouldve been lost
it it was anyone elses class, especially Mr.
Peters! !! But, more important than you being
such a great teacher, and my favorite,
also one of my best friends. You've always
been there listening to me gab on and telling you
all my problems. You probably didn't realize it,
but you helped me in a lot of "crucial" mom-
ents when I wasn't sure of what to do. and let
me tell you, it the B-of-E doesn't call you
there will be missing! I guess what I'm trying to
say is THANKS! for everything- for being you!
I'm really going to miss you, more than anybody
or anything else. Take good care of yourself-
I'll be seein' ya.

Love Always,
Dana

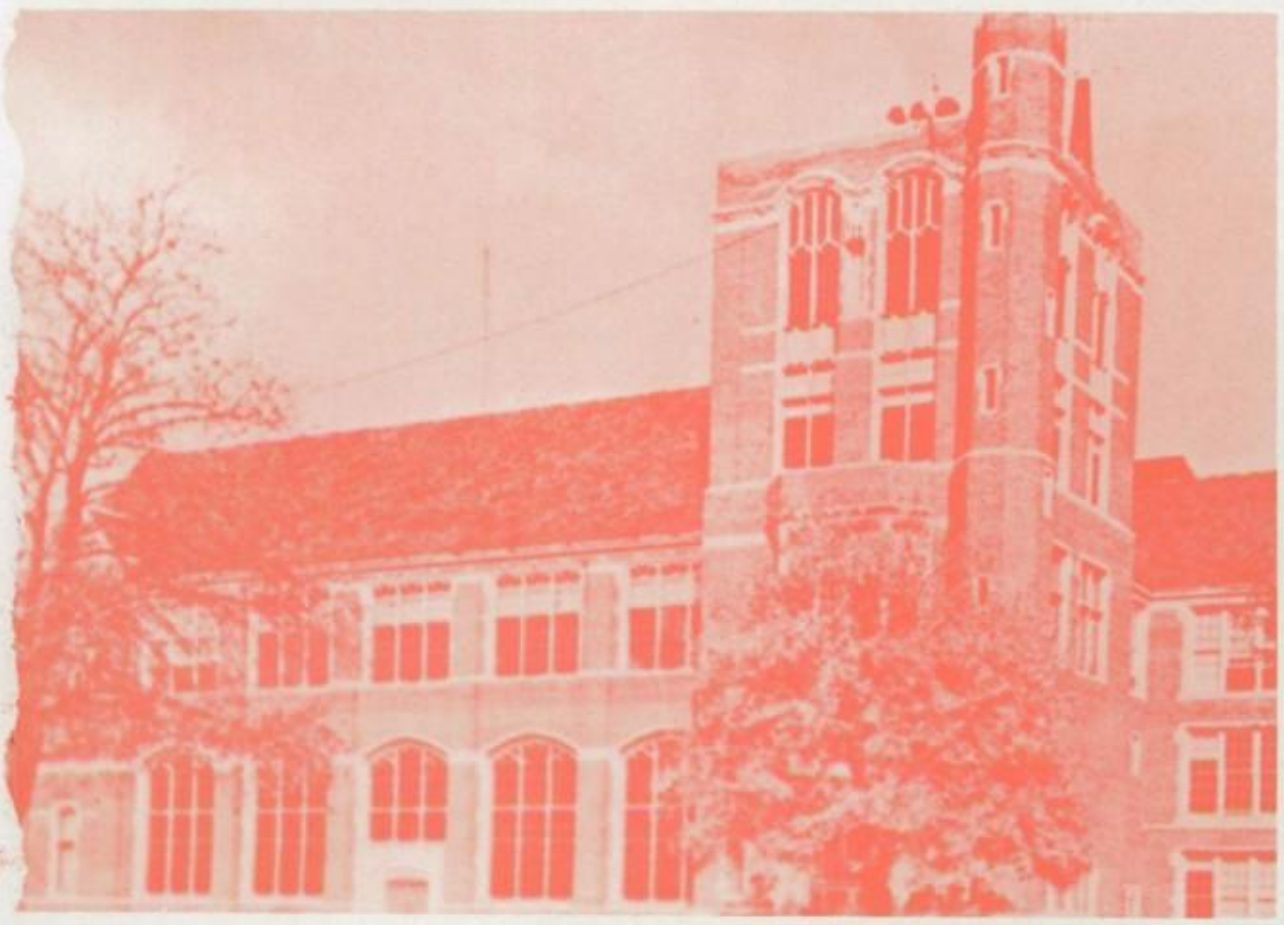
PROSPECTUS



The Flint Central Indians were known throughout the territory called Michigan. Their story is revealed in this special edition book known as Prospectus 1983.

Flint Central High School
601 Crapo Street
Flint, Michigan 48504

Mr. Maclean
I will probably miss you
because even though I got
hollered at alot you were
my best teacher

your student
Adonica Lee

First Days

The new school year presented challenges, but the indominable spirit of the Indians saw them through.

ABOVE LEFT Crowded stairways are one problem we faced. BELOW LEFT Mr. McDaniels getting the ground ready for the up coming year. ABOVE CENTER Just a relaxed day at school. BELOW CENTER Finding the most important location—the pop machine. ABOVE RIGHT Kicking high to make the squad. BELOW RIGHT A dash to the store before sixth hour.

CONTENTS

This is their story preserved for now and for future moons in tribute of that proud and noble tribe. This text was written during that memorable time known as high school. Let all share in its contents.

ABOVE LEFT There is more than one advantage to being a Flint Central Indian. ABOVE RIGHT Mona Benjamin shares a smile with fellow Indians.

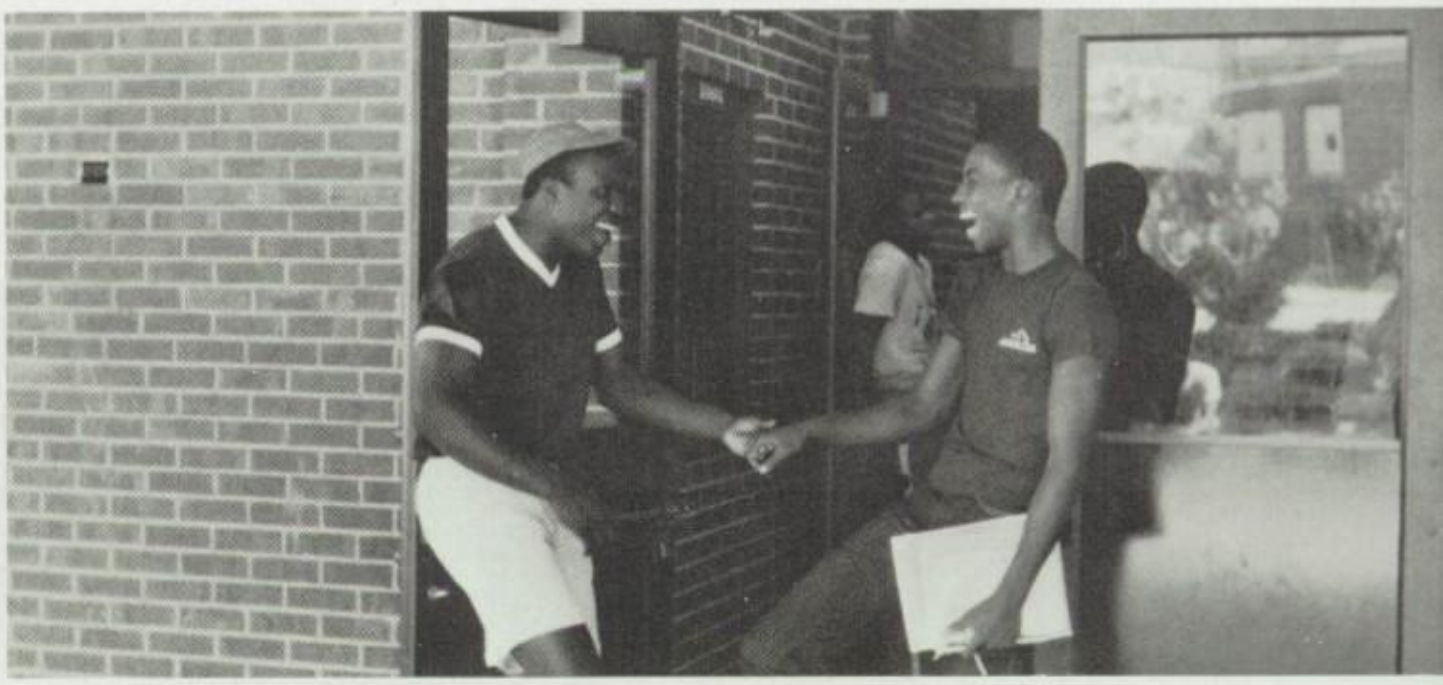
SETTLING IN

Preparing themselves for the struggle ahead required orientation to an efficient daily routine.

Settling in: helping teachers move to new locations, renewing old friendships, shaping up the band, the color guard, the cheerleaders, the teams, making a locker your own personal place, beginning relationships that may be permanent—yes this is settling in.



ABOVE LEFT Donald Fairhurst and Darryl Gilliam, relaxing while they watch the colorguards get ready for the first football game. BELOW LEFT Jill Hobson, Wally Kellogg and Darion Johnson help their teacher settle in as he moves from Whittier to Central. BELOW CENTER LEFT The beginning of the school year brought Tom Beaubien and Susan Thompson closer together. BELOW RIGHT For Kris Kucal, settling in her locker is like settling in her closet. ABOVE LEFT Rowena Long, checks into class with Mrs. Cabell ABOVE RIGHT Tredale Kennedy and Tommy Johnson renewing old friendship. BELOW LEFT Colorguards, getting it together for the first football game.

CHANGES

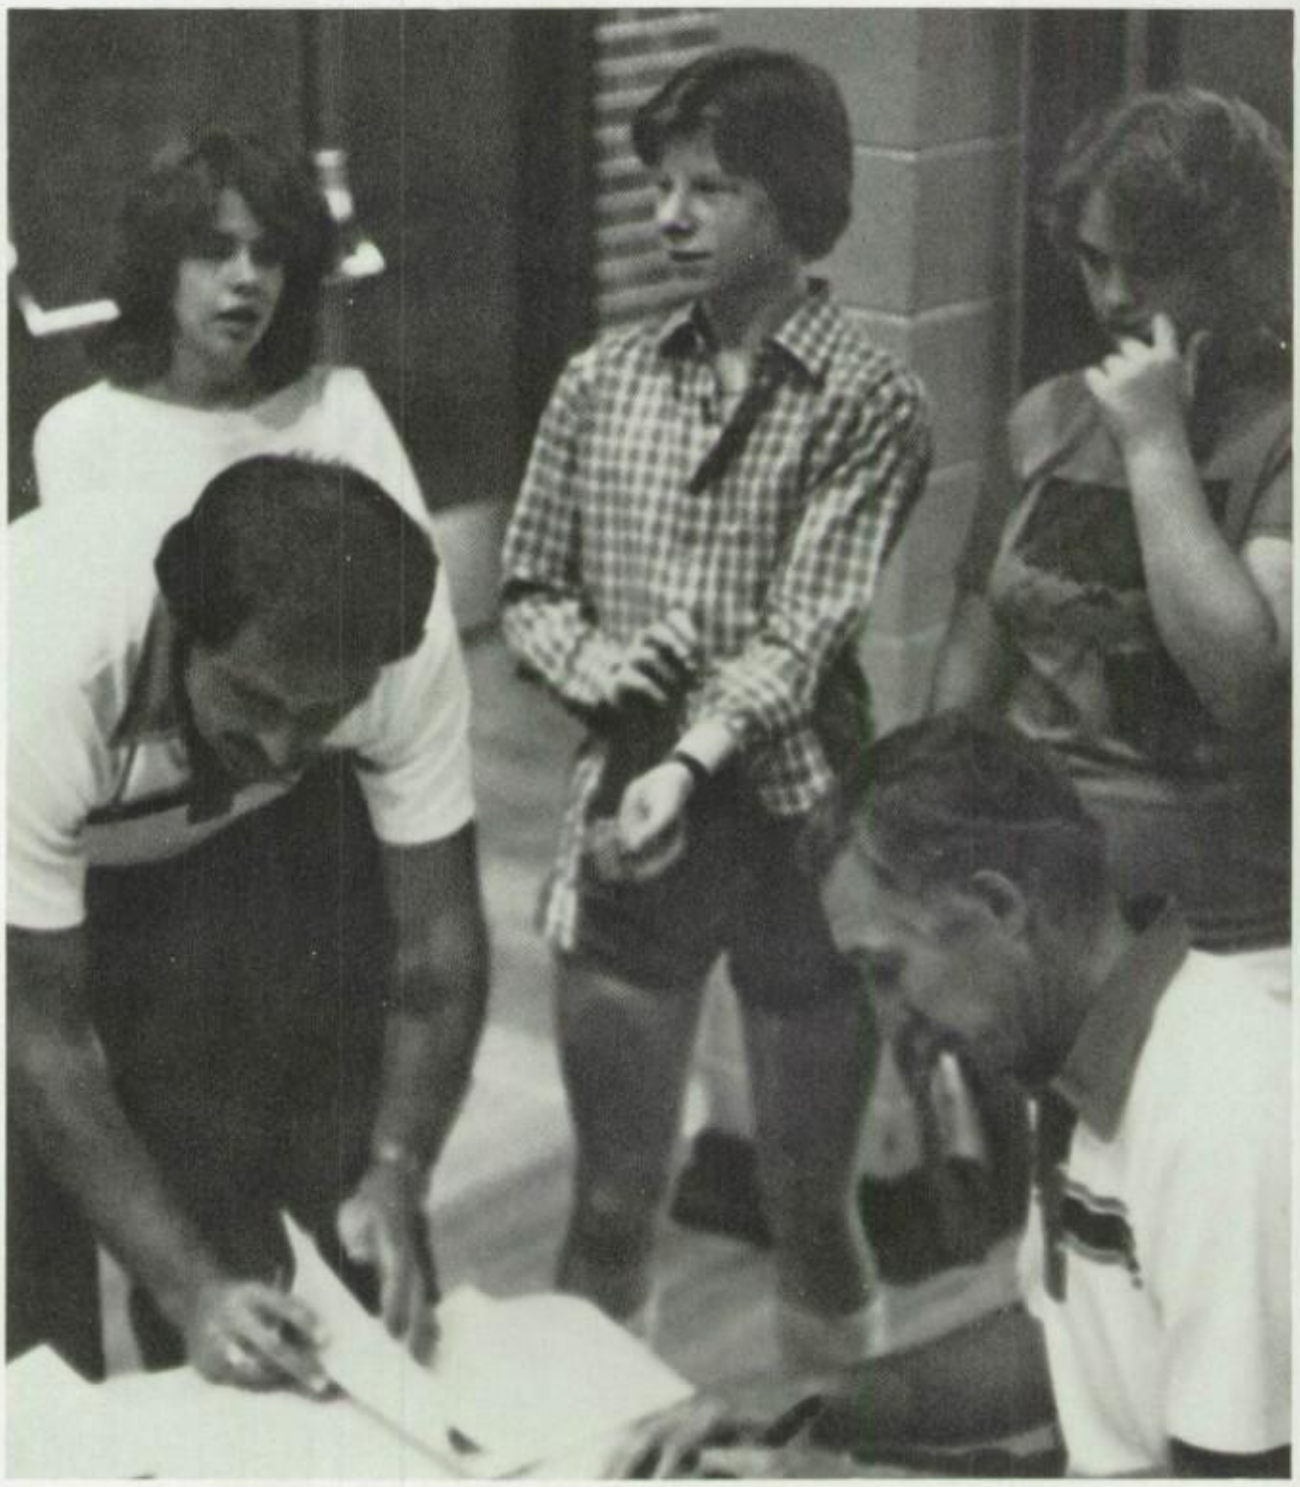
At first the task of changes was difficult for some, but for the more experienced and older, it was no problem conquering them.

When our new Indians arrived, they became part of our proud tribe. They were experiencing all of the new changes, while also going through quite a few phases.

The little Indians felt this would all never end, but they could cope . . . then again!

Not that coping would be easy, don't get me wrong but we've proven to be possesors of will . . . we're pretty strong.

Those who have been here for awhile seem to know what they're talking about, for the feeling of Central pride gets stronger, they know what it is all about!!

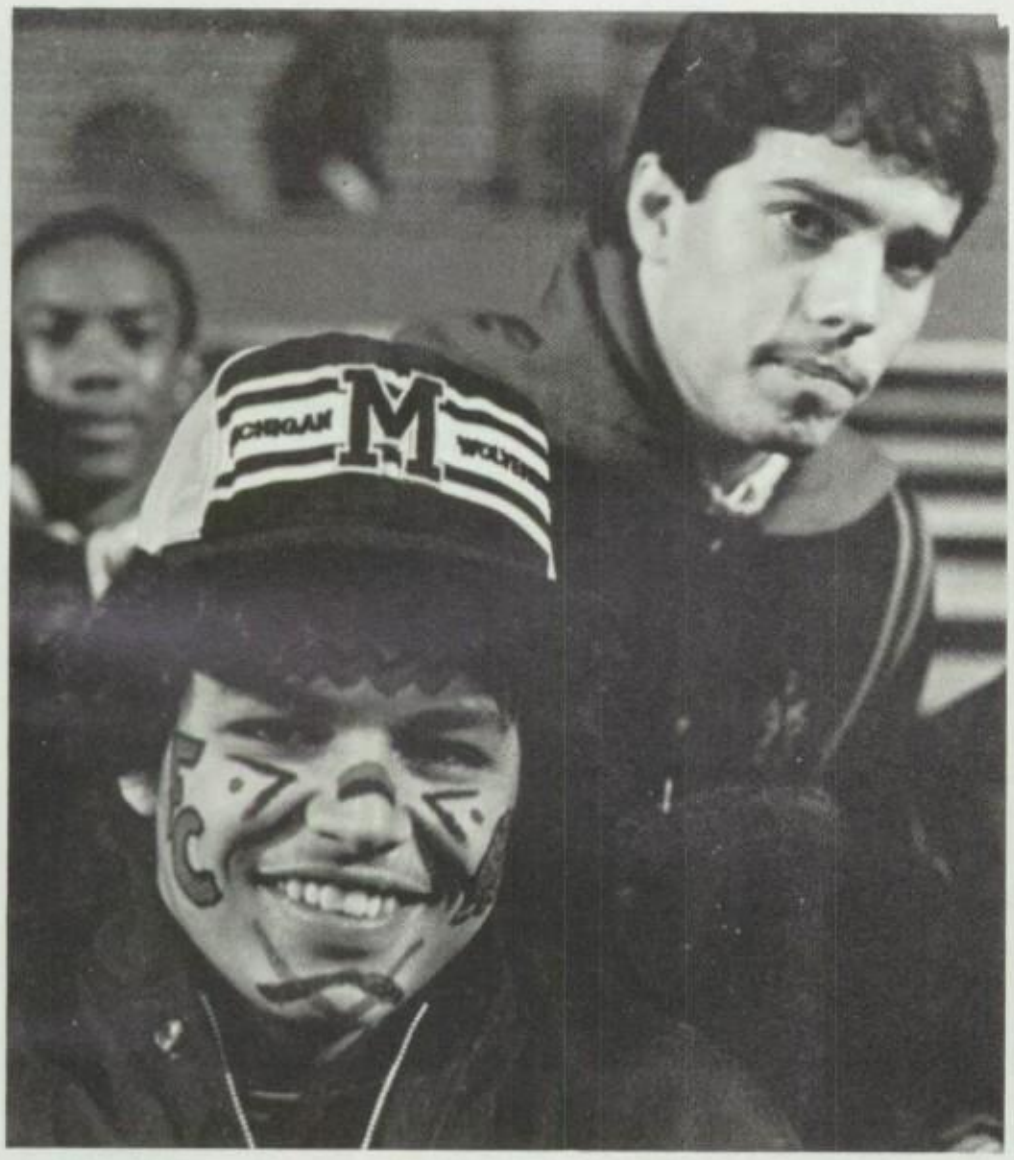


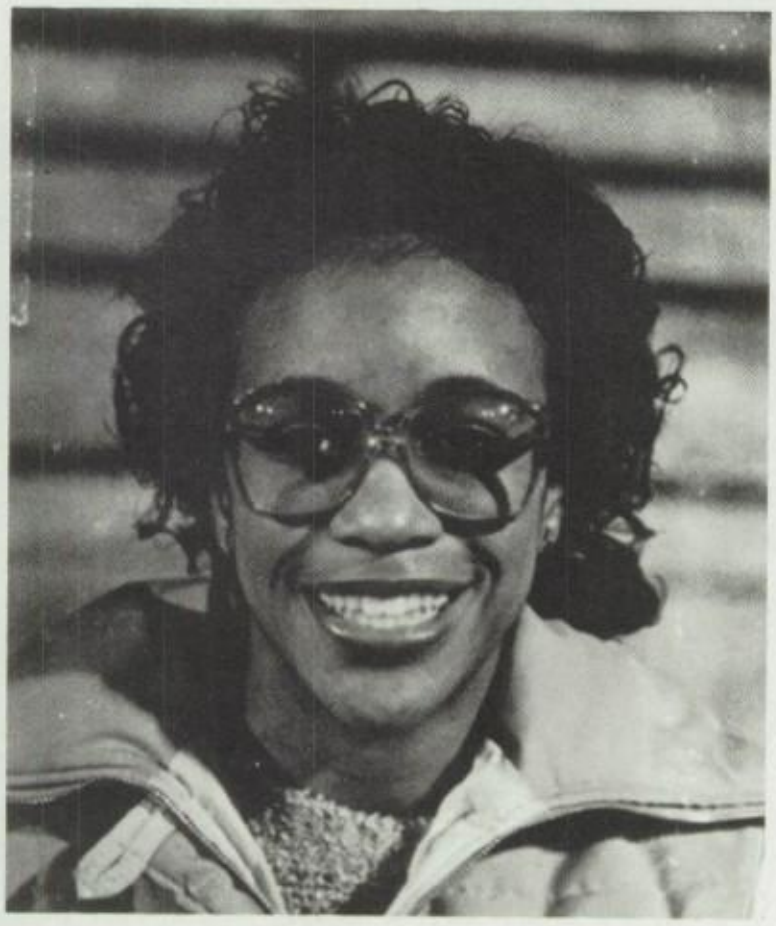
ABOVE LEFT Now that we are completed with science, what's next? BOTTOM LEFT There's more to checking into class than meets the eye! TOP RIGHT Despite all that work outside with biology, we Indians still find time to pose for the camera. BOTTOM RIGHT Waiting for class changes can be a bit worth while RIGHT CENTER Nice weather seems to agree with Rose Luna's smile!!

SENIORS

The experienced leaders of the tribal population: handsome, solemn, mature, were known as seniors.

ABOVE Gerald Denson waits for the crowd by holding the door. ABOVE RIGHT Football games for Preci Villarreal and Kim Bully sometimes mean sharing that only blanket. RIGHT Cheers are up for seniors Donald Bright, Andrea Pitts, and Tracey Smith.





ABOVE LEFT The war paint reflects the spirit of Indians for Vince Cuevas, a subtle smile brings out the pride for Joe Velasquez. ABOVE RIGHT Robert Hargraves and Jennifer Self find a comfortable spot on hard bleachers. BOTTOM LEFT Teresa Sanders proves that a smile is worth a million. BOTTOM RIGHT Posing for a picture can sometimes be fun for Valerie Neely.

WHEN WE WERE PAPOOSES

Ho! Sun, moon, and stars All you that move in the heavens, listen to me! Into your midst new life has come. Make its path smooth.

Ho! Winds, cloud and rain you that move in the air. Into your midst new life has come. Make its path smooth!

Looking Back on Yesterday
Brings back memories all worth while
Thumbing through old baby pictures
Some with grins, tears, and smiles.

Remembering how to tie your shoes
Even though knots were all you could make
Trying over and over again
With tears in your eyes, practice it would take.

In many ways your life has just started
Searching for an identity still unknown
Overcoming the tryingsome years
And look how much you've grown.

Now it's time to look back
The sound of school and your face had fear
And yet you have made it this far
Entering and now leaving your senior year.

Gina Smith

Late . . . but not forgotten

Due to the fact that some seniors missed the color deadline for their yearbook sitting, The Prospectus staff enabled them to a second chance. Those who submitted their photos late were still able to appear in the 1983 Special Edition, although, not in color. We the Prospectus staff would like to say that although the pictures were late in arrival, the graduating seniors of 1983 were not forgotten.

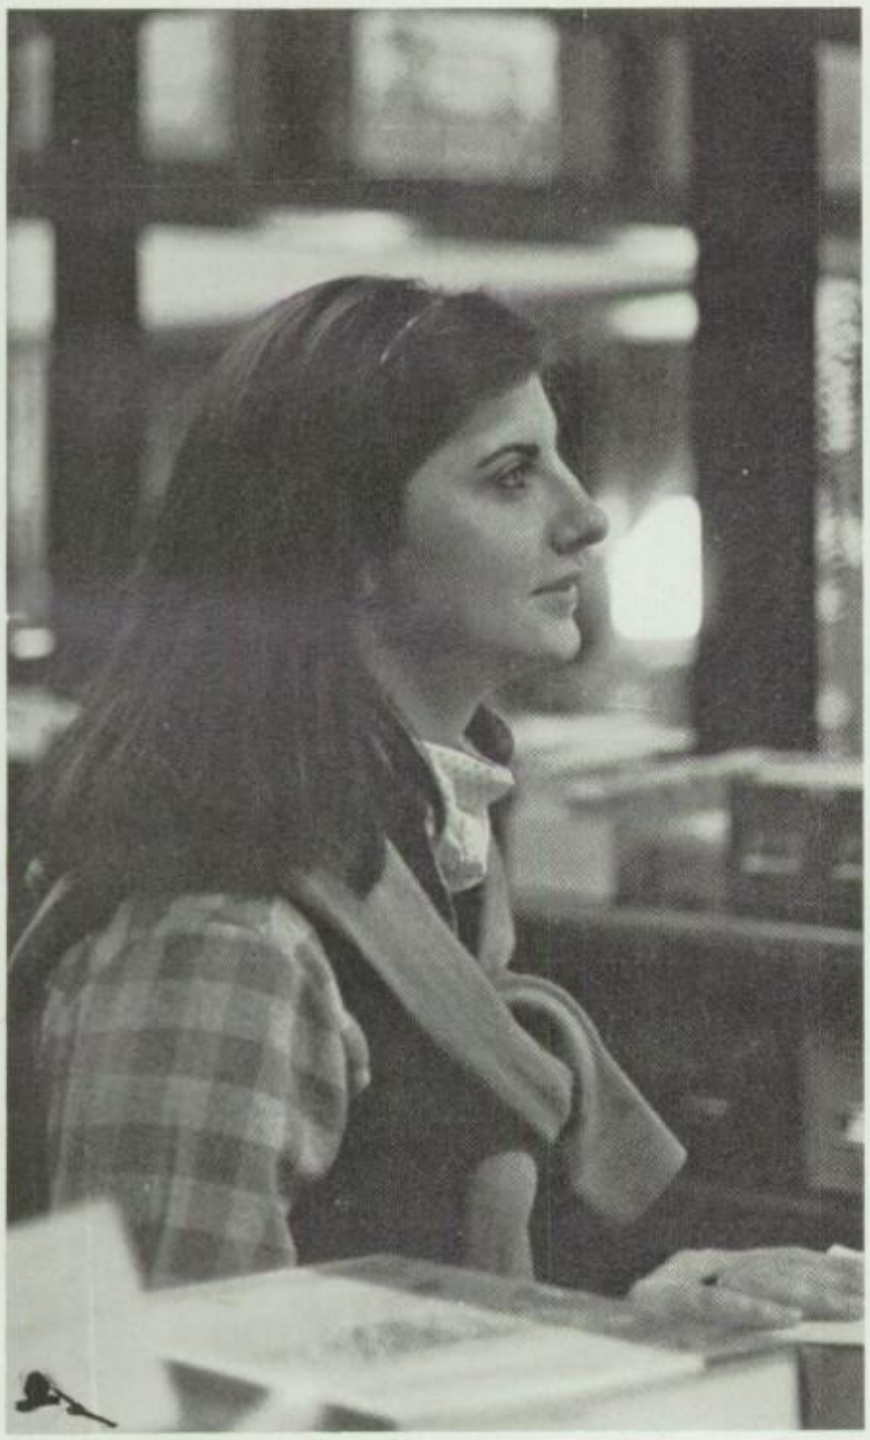
From France to Flint . . .



Central Welcomes Veronique

Our fame spread across the great water and attracted to our shores and our school . . . Veronique Lacour from Le Havre France.

After graduation, as an extension to her education, Veronique applied to be an exchange student. Her wish came true. She was accepted. She resides with Mr. and Mrs. Fred Swart and their four children.

She has made adjustments learning our language and the American way of life, making friends and being away from her family.

She has conquered fears coming to a new country and meeting new people.

Despite the adjustments and missing her family and city life, Veronique is very happy with Central. She loves the spirit of Central students and how involved they get in afterschool activities.

She arrived in Flint in August and will move on in July. And with her she'll take the memories she has made, along with our best wishes.

Veronique and her American family.

UNDERCLASS

And there were some who made up more than half of the tribal population. Their determination to learn and their willingness to succeed allowed them to prepare for the years ahead. They were strong and full of life. They were known as the UNDERCLASS.

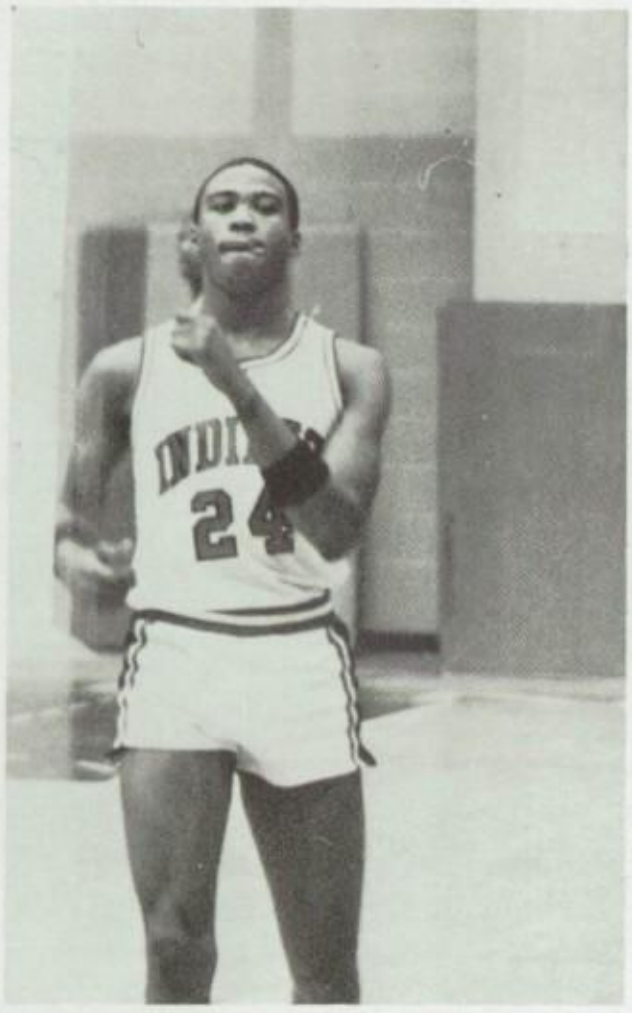
Varsity Basketball



The two time defending State Champion, Indians began the season with many questions to be answered. They had only one returning starter to build on. That starter, Darryl Johnson, proved quite capable of being the cornerstone upon which to build another strong contender. The Indians were rated in the top five teams in the State throughout the regular season. They responded by winning a share of the City Championship and the District crown. As they headed into the Regional Championship with Saginaw High, they had also posted a 21-3 season. The winner of that game looks like a very strong possibility of taking a State Championship trophy home to their school.

The scoring leaders were Darryl Johnson, Ken Bowie, Terence Greene, and Ervin Leavy. They all averaged in double figures. Bowie, Greene, and Ed Greer took command of the rebounding department. The assist leaders were Johnson and Greene. Randy Levels, a sophomore, made rapid improvements in his game to become a valuable addition off the bench. Tyronne Williams, a junior, solved his eligibility problems to become a starter in the second semester.

As the season winds down, still looking for the elusive third consecutive State Crown, the Indians know that they will be a dominant factor in State Basketball circles in the next few seasons as many young sophomores and juniors gained valuable experience in this winning year.

INDIAN STATISTICS

Season Record: 3 wins, 8 losses.

Season Summary: Our record was not very pleasing due to inexperience. This season was used as a basis of experience for the girls.

Outstanding Members: Most Valuable swimmer went to Jill Wilding. Most Valuable divers—Katrina King and Missy McKay; Most improved—Sue Farrell.

Coaches Comments: (Lydia Manual) This years season was an enjoyable one. There was a lot of team spirit and dedication, resulting in enormous time drops. Next year Central will be the team to beat!

SEASON RECORD: 10 wins 11 loses
SEASON SUMMARY: Started slowly but came back with several straight wins, with a super effort by beating NorthWestern who was ranked 4th in the state in DBL overtime.
OUTSTANDING MEMBERS: Captain Trudy Richardson and Margo Jones. Trudy was the leading scorer with 341 points.
MOST VALUABLE PLAYER: AND MOST SPIRITED: Margo Jones
BEST DEFENSE: Rhonda Kirkland
COACHES COMMENTS: This team was an outstanding group of young ladies with some outstanding players. Our successful season was a result of a total team effort. The outstanding performance of all team members brought great honor to the Flint Central Basketball program. We are looking for the underclass to carry on the winning tradition here at Central.

STATISTICS

Season Record: 8 Wins, 11 Losses

Season Summary: The girls JV basketball team ended their season with an over all record of 8-11 and a conference of 5-5. The team did well considering all the transistions we went through. We lacked total team dedication with it we may have come through with an overall winning season. At every game they had a different team and practices were attended poorly.

Outstanding Members: Carolyn Scott and Del Scott

Coaches Comments: All the girls that tried out for the JV team were considered. The team consisted of fifteen girls. Shawn Dent and Leanne Lee started with the JV team and were moved up the Varsity team within a couple of games. In four games the JV team was joined by two freshman, Kim Baxter and Yolanda Williams.

STATISTICS

Season Record: 1 win, 11 losses, and one forfeit
Outstanding Member: Patsy Scales
Season Summary: This year the freshman team got off to a late start. It took much of the season and games to finally get it together. The team is working for much success next fall. Coaches Comments: The win/loss record is indicative of our failures. However, our internal success out weighted these failures. We look forward to next year. Member to watch for are Patsy Scales, Laura Ruffin, and Rhonda Larkin.

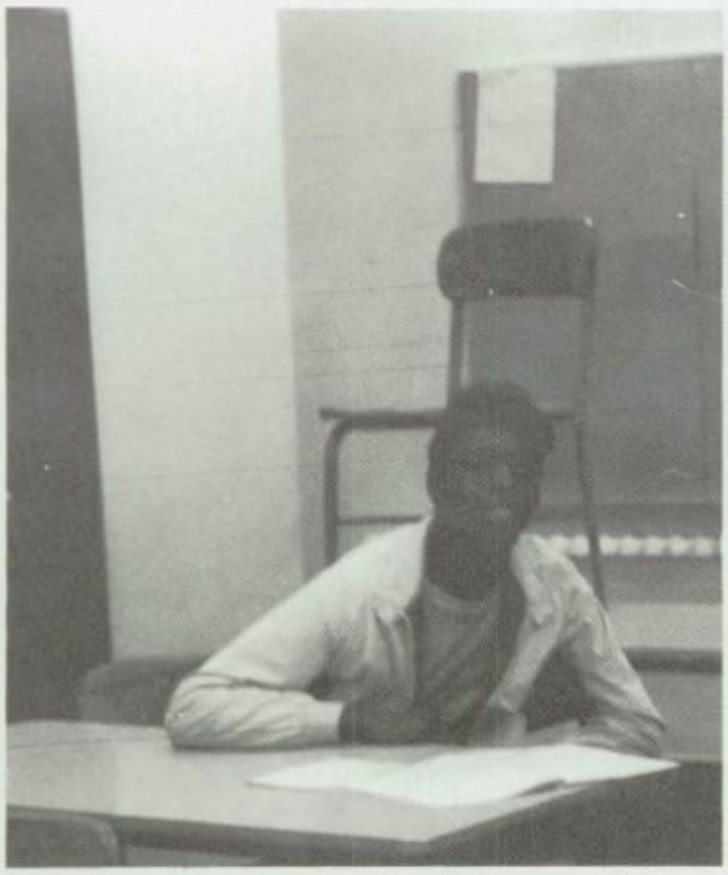
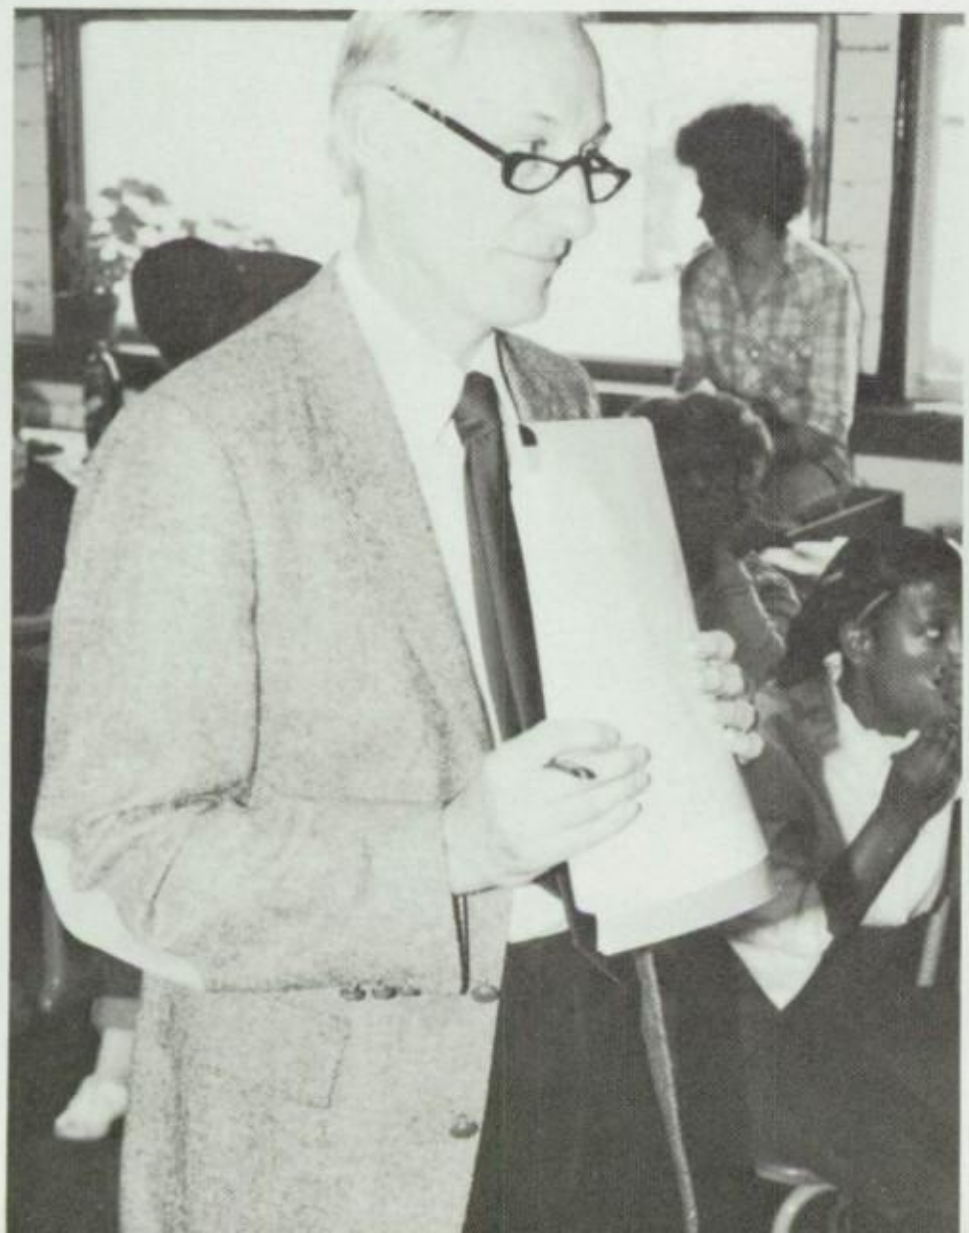
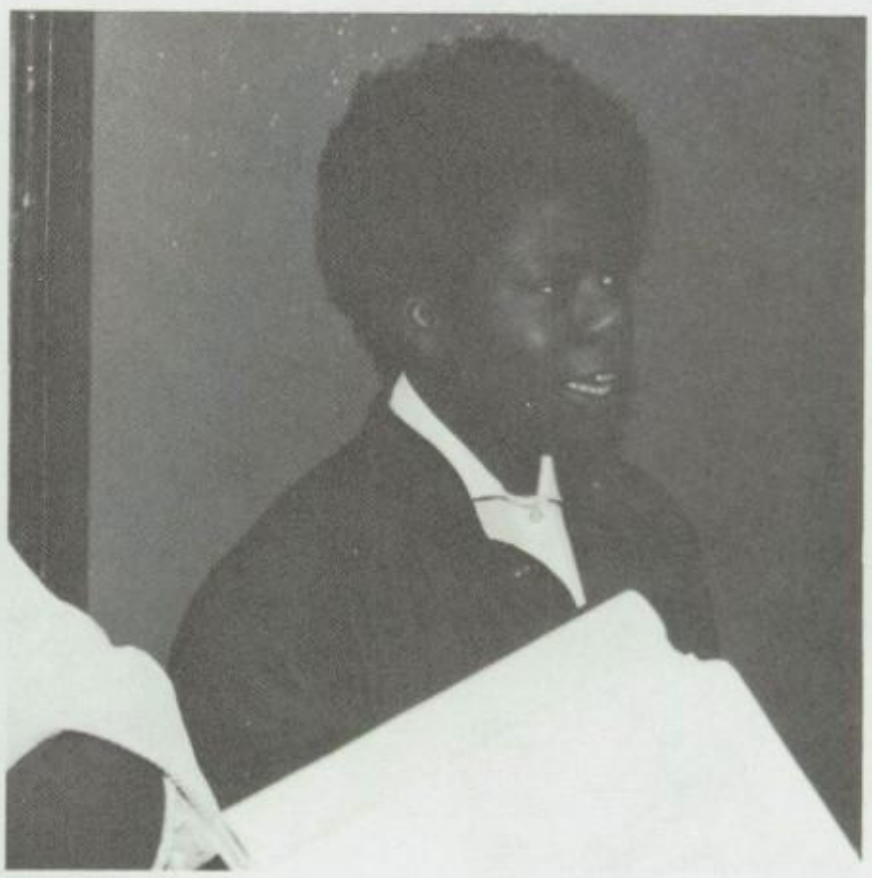
"Can I see your pass?"

Special Ed.



The Special Ed. classes not only work hard to improve their basic math and reading skills, they also take time out to hear lectures and just plain "goof off."





The English department offers a wide variety of classes. Each of these classes have a little something for everyone. For the more advanced we have: Shakespeare, Bible as Literature, British Literature, and Arts & Ideas, just to name a few. All of these are considered to be top level selections. The English department also offers classes for those who like to brush up on their basic reading and grammar skills. They can be found under independent reading, vocabulary building and practical writing.

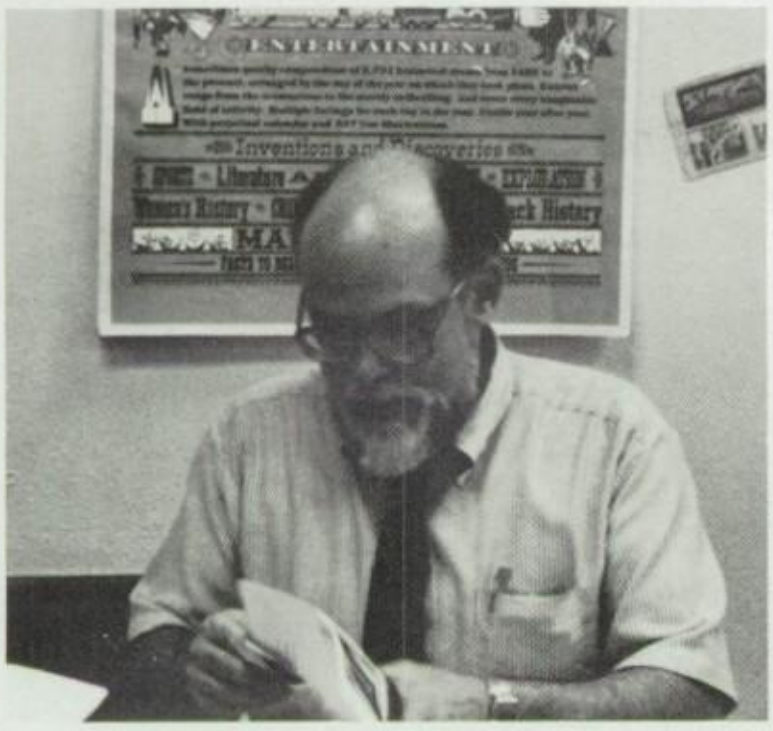
around the world



Exploring the different cultures of the world is only one adventure that you'll travel through in Social Studies. You'll study the traditions and customs from countries far away, and learn to understand their ways of life. From Darwin's Theory to the pioneers and from the Middle East crisis to the Nuclear Arm's Freeze, are just a few topics that are covered in the Social Studies classes.

Science is more than a chemical reaction and much more fascinating than a trip down human anatomy—it gives you the feel of discovery. The desire to find out "why," and the knowledge to base your answers on bare facts. The excitement of a single seed beginning life and the uneasy feeling of redoing a difficult experiment, are only a few things that you'll find in the science labs.

Math like science is presently one of the most valuable courses needed for a student to have a successful future in what is now known as the computer age. Many of the math courses such as Algebra, geometry, trigonometry and calculus involve logical thinking which is a skill needed for our computer future.

Entering the Foreign Languages program brings about many advantages. You have the opportunities to learn how to speak a second language and study the ethnic cultures of that country. Whether you prefer Spanish or French each helps you develop an ear for another language which is helpful upon traveling to other countries.

Foreign language students enjoy cooking from France.

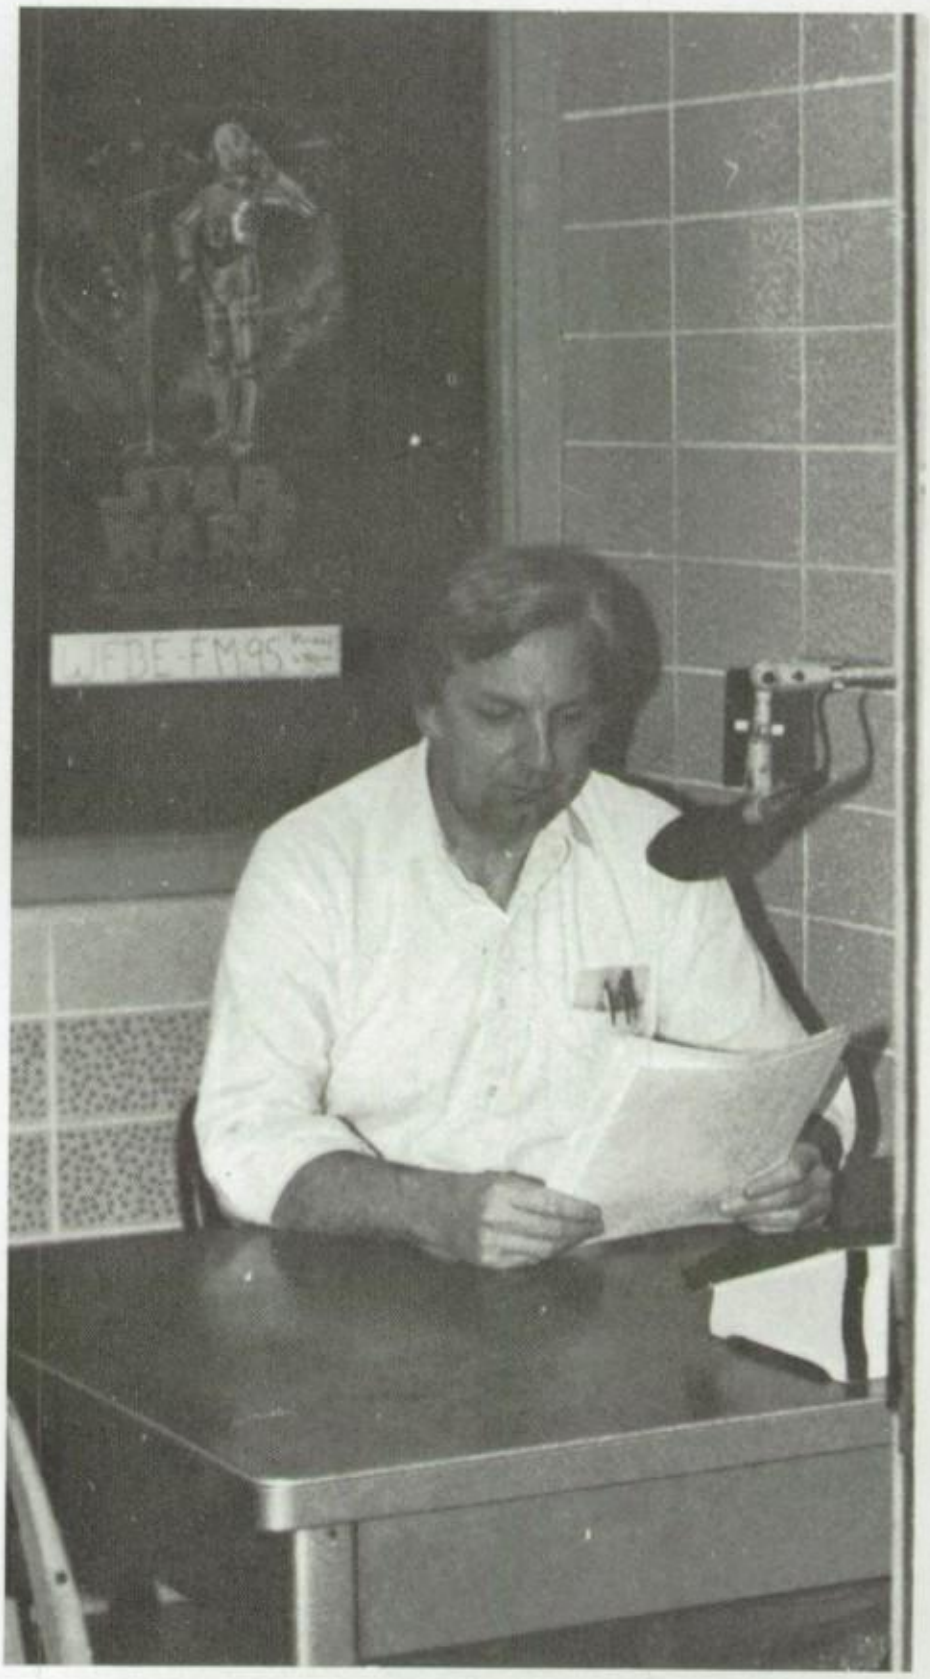
WFBE—OUR NEIGHBORS



On Oct. 5, 1983 WFBE went on the air. Its first broadcasts which consisted of five hours of instrumental programs aimed at Flint school children.

In 1961, new students were built in the lower level of Central High School, and its signal strength was increased to 3,700 watts. Broadcasting hours were increased to eight.

WFB'S history shows concern for "excellence in programing, for expanding services to the community, and for providing the highest quality sound available in radio". We at Central are proud to have WFBE as neighbors.

NJROTC, which enables its members to gain experience as naval recruits, is in its fourth year here at Central. The program's current enrollment is 150, with Freshmen (both male and female) being admitted for the first time this year.

Members will be taking many interesting field trips throughout the year to Virginia, Fort Wayne, Central Michigan, Miami, Ohio, Wheeling, Illinois, and Western Kentucky.

CENTRAL'S CHEFS

FAMOUS RECIPES

POPULAR TRADES

The Industrial Arts course consists of six different classes. Industrial arts is a course that tries to manufacture and process as the modern industry does. The arts classes are all fulfilling and some day could result in a good career for the students. Welding, drafting, automotive, small engines, industrial materials and process are the classes offered.

Home Economics offers students the chance to learn to cook and sew. They begin making simple garments and then advance to more skillful and complicated things.

In cooking, students learn to prepare simple dishes. They are taught to cook with a flair but yet not to forget the value in food nutrician.

Magnet students get

The magnet classes at Central are identified as the Fine Arts Program. This includes all of the humanties classes, the drama department and the art classes. We get students from the other high schools that don't specialize in these certain areas.

We not only get students but our students go to other schools as well. Some go to Northern for science and math and others go to Northwestern for the nursing program. A part of being magnatized also involves the skill center. There you can find such classes as the automotive department or work with the computers. What ever your interest may be, do your part by enrolling in the magnet program.

TOP LEFT: Social Studies is one of the favorite classes of the day. TOP RIGHT: Brenda Hernandez gets magnatized. RIGHT: Jennifer Self works tentively on a class project.

If business is your interest, then computers are in the bag for you. The business department at Central has a wide variety of classes that allows you to get down to business. There's accounting for those who enjoy figures and such classes as typing, intensive office, and short hand for those who are interested in secretarial jobs. What ever your choice may be, you'll find it in business.

"Come Blow Your Horn" 'a Neil Simon comedy' was the theatre department's mainstage production. There was a great turnout at auditions and Director' Martin Jennings had a difficult time choosing the perfect cast 'but as many of you have seen', Come Blow Your Horn was a success!

A smooth sound!

The A cappella choir, one of Central's fine art magnet classes, also had a very fine and commendable season. They competed in several competitions where they received superior ratings. Mr. Petrich was named the Choir Teacher Of The Year which isn't surprising since he has helped developed the highest rated choir in the city.

And the beat goes on

The 1982-83 marching Indians performed at six home games this year. Besides marching during halftime at the football games, the band participated in the Flushing Invitational held at Flint's Atwood Stadium where they received the highest score from any of the city's schools. They also participated in the Flushing Exhibition and competed in the Fenton MSBOA Competition where they received a II, the next best rating to a I.

The band was also heard at several community service functions such as parades, the Annual Police Awards Ceremony, Education Day, and the Battle of the Bands, which was held at the new Riverfront.

The splash, the color, the precision—this is the colorguard. This exciting group exists to provide additional dash to our marching band. In this, they excel.

This year's colorguard was enlarged with the addition of the guns as well as more members. The girl's performed with the band at several civic functions and activities, such as the Battle of the Band's, Education Day, several other parades, and 6 football games.

Congratulations on a fine season!

MODEL U.N.

What do Libya, Peru, Barbados, Namibia, Indonesia, the Soviet Union, Egypt, and the U.S.A. all have in common?

All were among the over 30 nations that this year's seniors have represented during the last 3 years in Central's Model United Nations Program.

The goal of all this activity is simple—a better world through increased understanding of its people and their problems. Model U.N. students are doing their part!

Resolved: A Better World!

In its 6 years of existence Model U.N. has enabled students to become more knowledgeable and more understanding of the world in which they live.

U.N. participants form national delegations, research and write papers on issues of international importance, and attend conferences where they role—play their nation's position in sessions with students from other schools, states and countries. During the last 3 years conferences have been attended in Kalamazoo Michigan, Michigan State Un., London Ontario, and Mexico City.

The purpose of BOEC are many. The student is helped to develop leadership, vocational competence, enthusiasm for learning and for remaining knowledgeable in the office field. Confidence, a spirit of competition, loyalty through espirit de corps, improved poise and sociability are stressed. Involvement at local, state, and national levels promote student ambition, effective planning, and produce better understanding of and better promotion of business. This is the first year of BOEC at our school. There are thirty members who have had candy competitions, roller skating, trips, charitable fund raisers so far.

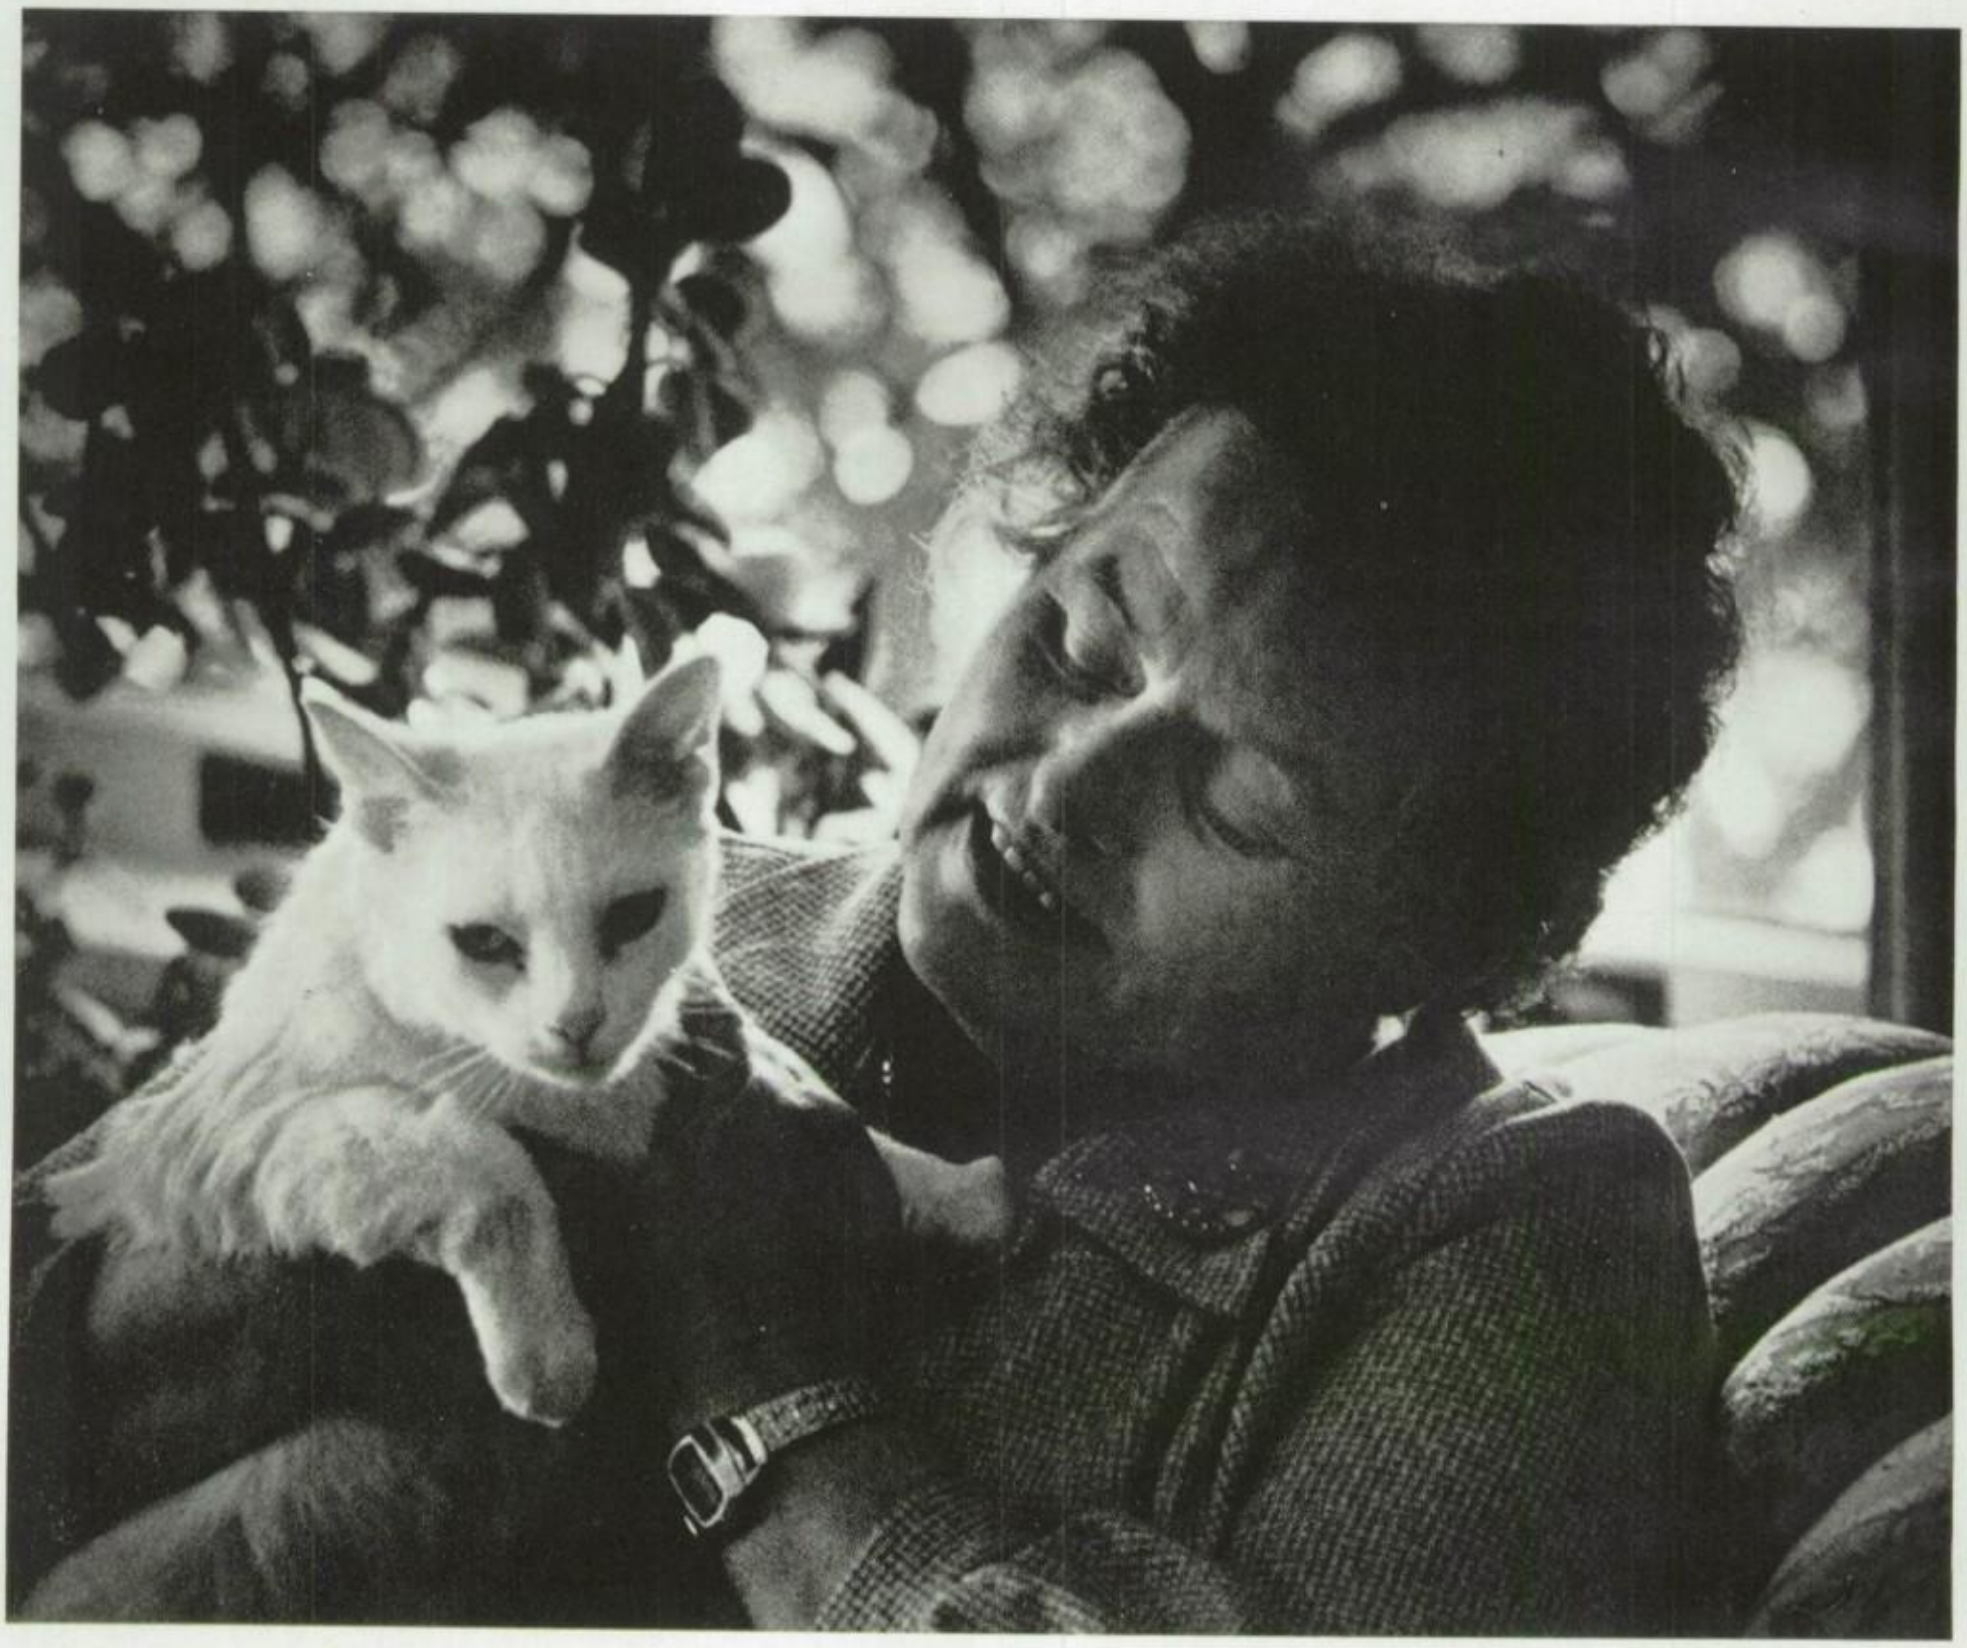
Farewell to Thee,



Retiring from the staff of Flint Central High School in February of this year is Miss Kramer, who is a graduate of Flint Central High, joined our staff of wise (leaders) in 1955 to 1983. She has been a star in the crown of the magnet Humanities program. She has introduced the band to many young minds and opened many innocent eyes to the dazzling treasurer of literature. She sponsored, the Thespians, the National Honor Society and also the Attics Players at Central of which she was a member in her student days. She has been active in drama in the community players, Delta Kappa Gamma, The United Way, and the University of Michigan Alumnae.

Her retirement years will be active and fulfilling when one considers her many avenues of interest which include travel, needlework, collectiong porcelain housing, Shakespeare, cooking, cats. Shakespeare said "The world's a stage". For Miss Kramer's role she deserves the Oscar, the Emmy and the Antoinette Perry Awards.

Mrs. Matthews and Chris check over contact sheet.

Gina says to Tammy "Like I am sure"

The Flint Central yearbook class had a good 1982-83 school year. The old and new staff worked hard to produce a totally new Prospectus. Under the leadership of Mrs. Matthews and Alan Eicher, the staff has produced a great book. Hard work isn't all that it is put up to be. Much time and effort was also put into it. So we hope each and everyone enjoys our book. Yearbook students create the yearbook by making layouts, putting together pictures and writing a copy for each yearbook page. They all learned the importance of deadlines—even though they were rarely met.

Service Students are always ready

Service students are offered many options in which they can be of assistance. They are valuable to teachers, counselors, and administrators. Opportunities for service students include working in the attandance office and the main office, counseling, and nurses office, WFBE Radio station, and for teachers. Anything from running errands to answering phone calls are services the students perform.

And the books go on . . .

I'm to busy, you do it!

Service students also have fun

Now what?

Yearbook appreciates the students who took the time to answer the student directory.

After many moons have passed we Indians will still take out this book and relive the glorious days of our high school experience. The purpose of the senior directory is to give each of you an opportunity to compare your older, wiser self with you of your solid, senior days. Did you marry that "hunk" you were crazy about? Did you finish college as you had planned? Do you still remember Mrs. Coleman, Mr. Gleason or whomever you named as your favorite teacher? Did you still remain friendly with those crazy pals who frightened your Central days? The yearbook staff hopes with sincerity that each Central brave and princess fulfills his or her aspirations, happily ever after.

CLOSING . . .

And there was a small group within the tribe who kept the records in written form and with photographs, so that all could remember. It was their hope that you the Indians of Central enjoyed this chronicle, as this epoch adventure comes to a close.

Our special thanks are extended to our sponsors who contributed more than money to the Prospectus. They also express support of our efforts for which we are extremely greatful.

THANKS ALAN!

The time, effort, and concern that you put into this yearbook is greatly appreciated by each member of the Prospectus staff. The long hard hours of work and the many tedious trips to the school will long be remembered.
We couldn't of done it without you!

Thanks again

Bucky,

Well, I guess we've made it through another year together. I don't know how, but we did it. It has been an interesting year in the marching Band and that cut lip of mine. Oh well. So next year is gonna be a lot of fun. I am really looking forward to it as a chance to learn even more about music from a good teacher such as you and be a member of one of the best Bands in Genesee County. Thanks for a great year, have a great summer, and see you in the fall.

Love,

Well I've really enjoyed band this year and it wouldn't have been the same without you-
You see! No doubt!
But really its been a real experience to participate under a director that really knows what he's doing! I'm working on staying right here at Central next year so you might get stuck with me again!
Hope to see ya next year!
Bye,
Jeri Rose

Mr. MacClean,

this last year has been wonderful and I hope the next 3 years will be even greater. I sure hope you stick around. you better be here next year or I will be realy upset. Well, anyway, you take cake. and good luck in everything you do.

Mr. Maclean,

So my favorite teacher at Central your the greatest. Thanks for making this year fun. The Washington trip was so much fun. See ya next year! You got 3 more years of me.

Love ya,

Lori Williams

mr. macdean,

youre one of my favorite teachers & I hope to see ya next yea

Dear Mr. MacLean,
You've really inspired
me and helped me to become
a part of the instrumental
music club. here at Central
You've really taught me a lot about
music which will help me so much in
college. And pinnochle will definitly help
at those card game parties in the future!
You are one of the few teachers I've had through the
years you can call "My friend" I'll miss you
You are your new career I know you will
part I can keep in touch.
list of luck in

a very crazy Teacher,
but also my favorite Teacher.
Good luck in
everything you do
P.S. see you next year.

Mr MacLean,

Hi! It's so hard to begin. I remember back in 8th grade when I first came over here — I thought yr were the worst teacher around. After knowing yr a couple of weeks I quickly changed my mind. You have now become my favorite teacher (even over my dad). You have taught me so much-especially self-discipline. But not only that, I have grown so much musically. Honestly - I have learned more in music from yer than my father & piano teachers together and I appreciate it with all my heart. I love yr alot and if yr'll called back from the place in Florida, I will truly miss you. Good luck in your life always.

Love always, Kathy Pettach

Ray!

Well, there goes another year. I finally got up the courage to be in Centralia's great band! I'm glad I did. I bet you didn't know, but at the beginning of the year I had the biggest crush on you. Oh, well, now you seem like a father to me. I'm glad we met this year. You're a real special person, not just to me, but to a lot of people!!! I know you'll be here next year. It just wouldn't be the same without you!!! You're a wonderful person, even if you are a little odd at times. (ha-ha) Don't worry, you'll get all your money... eventually. J. K.!!

Love ya
lots,

Good luck in the future

To Mr. MacLean,
You've really helped me progress musically and in many other ways you can't even imagine. If it wasn't for you and Pete I wouldn't be the great privilage little musician you have had the of knowing for 3 years. :'((A modesty there.) Well I hope we have you back here next year because if we don't... well things just wouldn't be the same. I wish you all the luck in the future.

Love, Ya Stinkp

Dear Mr. Mateer-
Thanks for a great summer and
teaching these past few years.
I enjoyed being "marching band
master" under you, and I must
say that you did without a doubt
have a great summer (best summer ever!)
From your trombone, tuba and
baritone, and tuba player that'll ever come next!
through Central. Russell "Rusty" Cooper
P.S. I'm NEVER playing trombone again!
